How you've got it down, solid as firebrick.  
Talk me all around, nothing, no one's problem you  
can't fix.  
The tunnel vision sets and straight ahead has never  
looked this clear.  
Grab the baseball bat we're knocking loose the teeth of  
another year.

If not a keeper then rebuild it.  
Dreams of sleepers die on the blankets.

Change games or refuse to play,  
Can you fill out lines without the page.  
True and sacred aren't the same.  
Change games or refuse to play,  
Can you fill out lines without the page,  
True and sacred aren't the same.

Play the waiting game, you against circumstance.  
Scavenge up the blame, piss poor [actions] are its  
loser's chance.  
You can hate the rain easy enough from a cardboard  
stage.  
Working up complaints with nails, wood, hammers all  
at arm's length.

Fuck whatever and just passing, will you settle on a  
loose fastening?  
If not for keeps then what's it for? At least I'm happy  
over poor.  
If not a keeper than re-build it,  
Dreams of sleepers die on the blankets.

(Oh!) Change games or refuse to play  
Can you fill out lines without the page?  
True and sacred aren't the same.  
Change games or refuse to play.  
Can you fill out lines without the page?  
True and sacred aren't the same.

All you'll ever be is who you think you are.

Throwing bottles like you've never seen the wall.  
Are you saving it for a willing world?  
All you'll ever be is who you think you are.  
Are you saving it for a willing world?  
From close knit to seam rip, from upswing to fuck it all.  
Fuck it all

Can you change the game you refuse to play?  
Can you fill out lines without the page?  
'Cause true and sacred, they're never quite the same.  
The same.  
'Cause true and sacred, they're never quite the same.

Can you change the game you refuse to play?  
Can you fill out lines without the page.  
'Cause true and sacred, they're never quite the same.

Close knit. Seam rip. From upswing to fuck it all.  
From close knit to seam rip, from upswing to.... FUCK IT  
ALL
