Hocus Pocus - Hocus Pocus
Love is on the right side baby
Hocus Pocus - Hocus Pocus
Now it's time to take control

Hocus Pocus - Hocus Pocus
Love is all the magic baby
Hocus Pocus - Hocus Pocus
Now it's time to take control

Well I'm the wicked witch
And I'm strong to take your love
I'm gonna cast my spell
With some help from above

It's magic - It's magic
Another time to panic
There is no help - There is no help
And no escape it's tragic

so eeny meeny money mo
Now it's time to take control
Eeny meeny mac
And now I want you back

I'm gonna say the magic words
Once more repeat
Now that I got you in command
I think my dream is complete

Mystique - Mystique
And no more words to speak
I took your heart - I took your soul
There's no escape from me

So eeny meeny money mo
Now I'm gonna take control
Eeny meeny mac
And now I want you back
