I turn towards the mirror  
Pain staring back at me  
I turn away and back again  
Not to see what I have seen  
So long to keep these secrets  
They're tearing me apart within

I know it's got to change  
It can't go on

I turn towards the mirror  
I need to give my soul a rest  
I wake up to the nightmare  
Can't escape the consequence  
These things that I have kept inside  
Would hurt those so close to me

I know it's got to change

Now you see it, now you don't  
The reasons cost, a lesson to be learned  
Stuck between the pages  
Of a book about to burn

This world can be lonely  
We all need someone in life  
These are the treasures  
The ones we need to keep  
In hope not to lose  
What we've kept so safe at heart  
After all we must go on

Now you see it, now you don't  
The reasons cost, a lesson to be learned  
Stuck between the pages  
Of a book about to burn

Now you see it, now you don't  
The reasons cost, a lesson to be learned  
Stuck between the pages  
Of a book about to burn
