Deep in my heart
I hold a place for you
Where I can run
When I'm feeling blue
When I think of all the good times
That we've had
It makes me feel
So very glad

People will come
People will go
In and out of the blue
A million stars
Will fill the sky
But Baby
There's no one like you

When I'm alone
I can feel you near
My love for you
Will never disappear
Where we used to fly
Standing still
When I can meet you there
I will

People will come
People will go
In and out of the blue
A million stars
Will fill the sky
But Baby
There's no one like you

Nobody else
Can take your place
When I think of the best
I see your face

People will come
People will go
In and out of the blue

A million stars
Will fill the sky
But Baby
There's no one like you

But Baby
There's no one like you

But Baby
There's no one like you
