Rumors are flying That you've got me sighing That I'm
in a crazy kind of a daze A lazy sort of a haze When I
go walking I hear people talking They say our affair is
not just a passing phase And they whisper 'bout the
flowers You keep sending me by the dozen And they
wonder 'bout the hours That you spend with me, it
keeps them buzzin' Rumors are flying And I'm not
denying That people are sure I'm falling in love with
you 'Cause for a change, darling All the rumors are
true ----- guitar solo ----- And they whisper all about the
flowers The many little flowers you keep sending me by
the dozen And they wonder all about the hours That
you spend with your baby, what do you do-do-do That
keeps 'em buzzin' all the time, all the time Rumors are
flying And I'm not denying That people are sure I'm
falling in love with you 'Cause for a change, darling All
the rumors are true
