When a fella meets a girl in Switzerland

There's a certain thing he's gotta do

He can never, never take her by the hand

Till he learns to toolie oolie doo

When a Swiss boy goes calling

On a Swiss miss in June

Toolie oolie doolie doo

He sings this pretty tune

And he charms her like magic

When he yodels this tune

Toolie oolie doolie doo

Beneath the Alpine moon

The echo

Goes higher

And higher

And soon their hearts are both on fire

When you get lonely

Now you know what to do

Toolie oolie doolie doo

And make your dreams come true

----- instrumental break -----

The echo (the echo)

Goes higher (goes higher)

And higher (and higher)

And soon their hearts are both on fire

When you get lonely

Now you know what to do

Toolie oolie doolie doo

And make your dreams come true

Toolie oolie doolie doo

And make your dreams come true
