Growing up people always told me  
To find someone you can't live without.  
Someone to have, someone to hold, someone to  
cherish.  
Maybe it was you who they were talkin' about, maybe it  
was you.

You're the A to my minor chord,  
My only way to get back home.  
The way you smile, the way you hold my hand,  
Maybe it was you who I could call my own, maybe it was  
you.

(Chorus)  
If love had a name, it's sound just like yours,  
If love was a way you'd be the open door.  
You light up my sky just like the sun  
I want you to know that there's no one, that I'd rather  
call my own.

I'm incomplete but completely yours,  
I wanna be where you are.  
And girl you know that you're my everything,

You're my love, you're my shining star.  
Yeah, home.

When I'm with you everything makes sense,  
I'm not afraid to just be me.  
I've tried to tell you just how I feel,  
Maybe now you will see.

(Chorus)  
If love had a name, it'd sound just like yours,  
If love was a way you'd be the open door.  
You light up my sky just like the sun  
I want you to know that there's no one, that I'd rather  
call.

And sometimes in life, you get just one chance  
To feel another's love, to find romance.  
And when that day comes and you found the one you

love,  
Hold them close so they feel your touch.  
Hold them close and call them your own.  
Your own, home.
