Believe in what you think is real
The time it takes for her to steal
It's true
It's true
It's true
It's true

Feast your eyes over there
The perfect blunt to keep you undone
You know that she's the one
Believe it or not
You're staring at her hips
A cigarette in between her lips
The prize is in the bag, yeah

She knew before she came
She likes to play the game
She's all the time in the

It's true
It's true
Always

The worlds collide in between your head
The smell of men wanting her instead
Her intent is just to play

She knew before she came
She likes to play the game
She's all the time in the world

Believe in what you think is real
The time it takes for her to steal
It's true
It's true
It's true
It's true
Always

She moves like the devil
And knows what is evil

She'll rip your heart out
And find another prey

Believe in what you think is real
The time it takes for her to steal
It's true
It's true
It's true
It's true
