Take no prisoners she wrote  
But we knew that it would  
Hit the wall  
And still we made the call

And somehow we knew that we had to  
But chose not to see (not to see)  
And your eyes are open  
You're running home  
As tears run down your face  
And your eyes are open  
You're running home  
As tears run down your face  
To let go, let go forget now  
1, 2, 3's too many times before  
You had me hanging four/for

And somehow we knew that we had to  
But chose not to see (not to see)  
And your eyes are open  
You're running home  
As tears run down your face  
And your eyes are open  
You're running home  
As tears run down your face  
Tonight, We said our last goodbyes as  
We wiped tears from our eyes  
And went our different ways

And your eyes are open  
You're running home  
As tears run down your face

And your eyes are open  
You're running home  
As tears run down your face

(And you eyes are open)  
Tonight, We said our last goodbyes as  
(You're running home)  
We wiped tears from our eyes  
(As tears run down your face)

And went our different ways  
(And you eyes are open)  
Tonight, We said our last goodbyes as  
(You're running home)  
We wiped tears from our eyes  
(As tears run down your face)  
And went our different ways
