Backdoors and windows down
Streetlights in worn out towns
Bad lies and words around
To find our own way out

Long days and fading light
Chances that took our eyes
We couldn't wonder why
We let them pass us by

So raise and claim the skies
Leave reason far behind
The things we thought we knew
We don't so

Say it right
Say it clear
Say it twice we'll never hear
Hearts of fire leading on
So what have we been waiting for

We'll run but never find
The answers we had in mind
They've kept us way too long
And now we're all moving on

So raise and claim the skies
Leave reason far behind
The things we thought we knew
We don't so

Say it right
Say it clear
Say it twice we'll never hear
Hearts of fire leading on
So what have we been waiting for

Say it again
Say it again
Say it right
Say it clear
Say it twice we'll never hear

Hearts of fire leading on
So what have we been waiting for

Say it right (Say it right)
Say it clear
Say it twice we'll never hear
Hearts of fire leading on (Say it again)
So what have we been waiting for
