Don't seem to matter, whatever you say  
Don't make no difference, I'm tempted the same  
And my wishful thinking won't help me get over you  
You don't have a reason, cause nothing is wrong  
You just have a feeling, it's time to move on  
The voices are calling to something beyond  
The love I pour over you

Caught in a daydream  
Lost in a world without you  
I can't get used to dinner for one at our table for two

You don't seem too sorry I'm left behind  
You're not even worried, I'm losing my mind  
It's perfectly normal, you say give it time  
And soon I'll be over you  
Don't understand it, can't even pretend  
I'm gonna make it, so honey, till then  
I'm running for cover till I get over you

My eyes are on the future  
But there's no cure offered yet  
For heartbreaking over you
