"What's left of our dream"

I've been hanging on too long
Finally ready for that open road
Dropped a last goodbye in the mail
There's no blame, no shame, no fail
No reason to feel sorry in your heart
We took all we had to extremes
What's left of our dream

Gonna take a gig in Spain
Mama keeps saying
Girl, you settle down
Don't expect so much from a man
But I don't like where I am
Better to leave the good times where they are
After all, we oughta save the cream
Here in what's left of our dream

Why do I make it so tough
Status quo ain't good enough
I know it looks like a blunder
But I'm being guided homeward

Can't change the way I feel
Somewhere inside this unrelenting storm
I let go every promise we made
Now I'm free to find my way
