A man
Fighting in the dark
A memory of peace
Everything is gone

A war
Stronger than the fist
Hate's the only love
Faith does not exist

Time to dream
Time to fight
Time to live
Time to rise

The monster is here
The sound of a million drums
A battle will take place tonight

The faith and the fear
It's time to defeat the lie
One for all to cross the line

A flag
Rising from the ground
The troops are to arrive
We can win this fight

A dove
Sailing in the sky
What's black is fading out
To crush a bloody lie
Cause now it's

Time to dream
Time to fight
Time to live
Time to rise
Time to run
Time to love
Time to shine
Like a dove

All as one let's go
Go

The monster is here
The sound of a million drums
A battle will take place tonight

The faith and the fear
It's time to defeat the lie
One for all to cross the line

Cause we are the infinite
Cause we are the world itself

The monster is here
The sound of a million drums
A battle will take place tonight

The faith and the fear
It's time to defeat the lie
One for all to cross the line
