

Doves & Dust

"Falling Whistles"

Visit "[Falling Whistles](#)" on [MotoLyrics.com](#)

A sound
Of whistles in the night
Their world will soon collide

A child
Fighting for his life
To face it or to die

Time to stop these missiles
Save a life tonight

For the falling whistles
Save a life tonight

A star
Shining in the space
It's us against the hate

Believe
A word of love and hope
Stand up all of you

Time to stop these missiles
Save a life tonight

For the falling whistles
Save a life tonight

Time to stop these missiles
Save a life tonight

For the falling whistles
Save a life tonight
