Punch me in the head
Tell me it's a nightmare
Tell me that it soon is over now

Do they understand
Do they even bother
Do they even care about it now

It's time to love again
To gather soldiers now
It's time to stop the end
And kill this monster now

The mother and the child
The weapon and the bullet
Like a bug in stormy water

Will you take my hand
Will you stand beside me
Will you raise you hands towards the sky

It's time to love again
To gather soldiers now
It's time to stop the end
And kill tHIS monster now

Ensemble nous sommes forts
Ensemble nous allons nous battre
Ensemble nous croyons
Ensemble nous espÃ©rons
Un monde sans guerre
Un monde sans souffrance
Un monde oÃ¹ la libertÃ© est un fait
Luttons ensemble et arrÃªter le monstre
