Is it true
A simple question
Who are you
Faith or fear

In the streets
Time for action
The heart beats
A lonely child

Tonight on the horizon
Waving flags towards the sky

Tonight in every nation
It is time to face this bloody lie

A contour
Of hate and suffer
This is war
Day and night

Feel the breeze
The troops are closer
Sound of peace
The end is Near

Tonight on the horizon
Waving flags towards the sky

Tonight in every nation
It is time to face this bloody lie

Tonight no hesitation
All as one for human race

Tonight no more patience
It is time to face this bloody lie

Songs of freedom
Words of wisdom
Tonight

Tonight on the horizon
Waving flags towards the sky

Tonight in every nation
It is time to face this bloody lie

Tonight no hesitation
All as one for human race

Tonight no more patience
It is time to face this bloody lie
