I've been living a complete baldfaced lie  
Could've covered up, Bleed them dry  
When I get found out it burns  
Tremor in the temples, My turn

Take five steps  
Then look left  
Small comfort  
In your fall

Talk circles  
Smash Hurdles  
Love curdles  
On call

Sex kitten  
You're smitten  
Twice bitten..

Black comes out clear  
Smashed on the pier  
Stop stalling  
I'll piss on everything that you own

Sacked, torn and tied  
Shoved down the line  
Freeze boiling  
I'll piss on everything that you own

Smashed round the ear  
I've loved you here  
I'm calling  
I'll piss on everything that you...

Brittle then broken I'll find  
Chat her up with meek turns and smiles  
Clamp it, I'll forget how to feel  
Swimming in the sweat sheds your peel

Red light says  
You've called twice

Sure enticed  
With your call

Take five steps  
Then look left  
Small comfort  
In your fall

Sex kitten  
You're smitten  
Twice bitten..

Black comes out clear  
Smashed on the pier  
Stop stalling  
I'll piss on everything that you own

Sacked, torn and tied  
Shoved down the line  
Freeze boiling  
I'll piss on everything that you own

Smashed round the eard  
I've loved you here  
Stop stalling  
I'll piss on everything that you own

Sacked, hung and signed  
Shoved down the line  
Freeze boiling  
I'll piss on everything that you...

I'll piss on everything that you...(repeat till fade)
