Let's get out of here  
You gotta know what I'm thinking  
Let's get out of here  
They got us on the run  
Let's get out of here  
We; ve fucking losing our minds  
Let's get out of here  
I know I should man up  
Fuck it  
Everything's breaking I just can't take it  
Then you have to come and add on the pressure  
What the hell are we doing here  
The exit to paradise is two blocks way  
I see your eyes you're thinking the same  
Sometimes our heads just can't stop racing  
Fuck everything I'm going home  
Fuck!  
Fuck everything let's dip out  
Perfect summer night and the moon is out  
Grab your paint we got our boards  
D's (no nickname) got the guns  
This town is ours  
We're tucking in the kids kissing goodnight  
Kissing farewell on this dreary night  
Enemies are staying low  
Tonight none of us are thinking right
