Run along with followers I can't say that I do I understand the evil and The holy ghost too I just got a call won't start at all On how to begin the end I ain't here to break ya Just see how fall it will bend There again, yeah yeah

I wanta make it I wanta make it wit chu I cary the part again

I wanta make it I wanta make it wit chu Anytime, anywhere

Sometimes the same is different But mostly it's the same These mysteries of life That just ain't my thang If I told you that I knew about the soul That'd be untrue The only thing I know for sure Is what I won't do Anytime, anywhere

I wanta make it I wanta make it wit chu There again, yeah yeah

I wanta make it I wanta make it wit chu

I wanta make it I wanta make it wit chu Again and again

I wanta make it I wanta make it wit chu

You

I wanta make it I wanta make it wit chu Anytime, anywhere

I wanta make it I wanta make it wit chu Again again again again

I wanta make it
