Silly boy
Have you no place to wait for me?
Wait outside
Through the window, look and see
I am here
Sitting straight up in this chair
Figuring
How a boy like you could care

I'm a girl
With a rose upon each cheek
Lady love
That a boy like you would seek

I just need
Here a bit to hold my thought
Where you can't, where you can't
See a way it could be bought

I am here
I'm a girl
I just need

Had a will

I am easy
It's too hard to say no
A request
Helps decide where I should go
Have I a will
Of my own?
It's gone away, it's gone away
To the assertive one

I am here
I'm a girl
I just need

Had a will

You deserted me one day

But I don't mind
I worked so hard to be safe
A waif here (let it rest, okay)
Happily blown out to sea
