I've been pushed around like a jailbird  
I've been left in a ditch  
I never made the cut so to speak  
I never even got to warm the bench  
But with you I know, when that whistle blows  
You keep me rockin', you keep me rockin' baby!  
When I'm out on the job site  
I'm thinkin' that we're gonna be alright  
Be alright!

Four radios blastin' classic rock  
And they're pointing at you  
With your fist raised high  
and a hitch in your step  
You've got it all  
I've got no reason to lie  
Look at me look at me look at me I'm a winner  
(You're a winner)  
It's just as simple as that  
Don't you agree don't you agree don't you agree that  
I'm a winner?  
(You're a winner!)  
You just can't argue with that

Someone once told me  
You can't lose em' all  
And that someone was you  
But when I nail gunned my hand to the wall  
I started to wonder if that could be true  
But babe it's me you chose  
And when the whistle blows  
You keep me rockin', keep me rockin' baby  
And when I'm out on the job site  
I'm thinkin' we're gonna be alright  
Be alright!

Four radios blastin' classic rock  
And they're pointing at you  
With your fist raised high  
and a hitch in your step  
You've got it all

I've got no reason to lie  
Look at me look at me look at me I'm a winner  
(You're a winner)  
It's just as simple as that  
Don't you agree don't you agree don't you agree that  
I'm a winner?  
(You're a winner!)  
You just can't argue with that
