When I was a boy I used to live in corduroy
OP shirts and slip-on Vans.
My life was so simple
I had not one pimple,
My everyday was made up of these plans:
To ride my bike to Thrifty's,
Run past the balls and ice cream and
find the Star Wars figurines.
Thinking of my action men,
Kung-Fu grip and all,
What happened to them all?

[Chorus]

Running through my old life
Looking for my lost toys
Where has all my fun gone?
Now that I'm much older
Before we get much colder
We'll get together and sing this song
An anthem for all lost toys
Now that we're all big boys
We'll get together and sing this song
We'll sing this song
It's not too long
So come along
So everybody sing along

When I was a little man
Playdough came in a little can
I was Star Wars' biggest fan
Now I'm stuck without a plan
GI Joe was an action man
Shaggy drove the mystery van
Devo was my favorite band
So take me back to my happy land

Now my brothers and sisters
I don't mean to make a scene
But I lost my action figures
and it makes me want to scream
Greedo, Chewbacca, Luke, R2, and Han,

3PO, Yoda, Bobafett, Obi Wan
Green Machine, Suckerman
Silly Putty, Lincoln Logs
Sitting in my Underoos
Reading christmas catalogs
What happened to my action men and all?
What happened to it all?

Running through my old life
Looking for my lost toys
Where has all my fun gone?
Now that I'm much older
Before we get much colder
We'll get together and sing this song
An anthem for all lost toys
Now that we're all big boys
We'll get together and sing this song
Are you ready (YEAH!!)
Well okay

When I was a little man
Playdough came in a little can
I was Star Wars' biggest fan
Now I'm stuck without a plan
GI Joe was an action man
Shaggy drove the mystery van
Devo was my favorite band
Take me back to my happy land

Take me back to my happy land
Take me back to my happy land
Take me back to my happy land
Take me back to my happy land
