I like happy dreams when I sleep and
I like yummy food to eat
I like holidays
These things are okay

[Chorus:]
But I love love love love love love
Poppin' a wheelie!
(On my bike!)
I said I love love love love love love
Poppin' a wheelie
(On my bike!)

When you see me outside
With my wind-swept hair
Riding by with my wheel in the air
You'll never see me happier
You'll never see me happier
That's when I pull those handlebars
And get 'em in the air

[Chorus]

I like long walks on the beach and
I like the feel of sand on my feet
Yeah I like nature just fine from time to time
I like those video games and
I like most airplanes and trains
I like nice weather
But there's something so much better

[Chorus]

My wheelies are defying gravity
And I'm the king of the world
As I'm balancing
You'll never see me happier
You'll never see me happier
Than when I pull those handlebars
And get 'em in the air

[Chorus]

Because we

Love love love love love love love love

Love love love love love love love love

Love love love love love love love love

Love love love love love love love love

Love love love love love love love love

Love love love love love love love love

Poppin' a wheelie!

on my bike!
