New places and new faces
Can be so terrifying
When you're seperated
From your team
And in Space Mountain Land

Todd-One, he's alone
He's crossed the danger line
Can he communicate
The location of the Secret Base
Trapped inSpace Mountain Land

Todd-One, come in!
Todd-One, come in!
Can you hear me now?
Can you hear me now?
Todd-One, come in!

He will think of she in
Hopes he can escape
Against the Science Man
Outnumbered five hundred to
Todd-One
He's got a chance
His uniform, he converts
By removing sleeves in disguise
You can know his name
Todd-One, trapped in Space Mountain Land
