Didn't they teach you, everything okay if you settle
enough?

Forget your dreams, let's pretend I'm everything you
want me to be.

Complicated breathing, you never had the guts just to
throw me away.

Life moves slow when everything's a worse version of
what you need.

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you dropped all
around me.

I can't fight for a graveyard, anymore.

Some people have no money,
to keep their legs pumping away at the ground.
What moves me is fear,
that I'll always be alone at the end of the day.
(At the end of the day)

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you dropped all
around me.

I can't fight for a graveyard,
I can't fight for a graveyard, anymore.

I'm just the ground that you happened to fall on.
I'm just the ground. [x3]

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you dropped all
around me.

I'm just the ground [x4]

I can't fight for a graveyard, anymore
