When I look around me,  
I can't believe what I see  
It seems as if this country  
Has lost its will to live  
The economy is lousy,  
We barely have an army  
But we can still stand proudly  
'Cause Canada's really big

We're the second largest country  
On this planet Earth  
And if Russia  
Keeps on shrinking  
Then soon we'll be first  
(as long as we keep Quebec)

The USA has tanks  
And Switzerland has banks  
They can keep them, thanks  
They just don't amount  
'Cause when you get down to it  
You find out what the truth is  
It isn't what you do with it  
It's the size that counts!

Most people  
Will tell you  
That France is pretty large  
But you can put  
Fourteen Frances  
Into this land of ours  
(it'd take a lotta work, it's take a whole lotta work)

We're larger than Malaysia  
Almost as big as Asia  
We're bigger than Australia  
And it's a continent  
So big we seldom bother  
To go see one another  
But we often go to other  
Countries for vacation

Our mountains  
Are very pointy  
Our prairies are not  
The rest is  
Kinda bumpy  
But, man, do we have a lot  
(we gotta lot of land, we gotta whole lot of land)

So stand up and be proud  
And sing out very loud  
We stand out from the crowd 'cause  
Canada's really big!
