It's early in the morning, way before dawn  
I down a cup of coffee, put my lucky hat on  
Get down to the water before all the crowds  
Gonna have more fun than the law allows

With my hot rod, I go out to cruise  
When I'm on the prowl, I never lose  
I fire up my Merc and put the throttle down  
'Cause I've got the fastest fishing boat in town  
I open up my tackle box, it's so big!  
Crank baits, sink baits, beer and jigs  
Got my bobbers on, and my 10 pound test  
Gonna catch me a lunker gonna be the best

(Gonna go fishing) Gonna have some fun  
(Gonna go fishing) 'Cause it's number one  
(Gonna go fishing) Gonna sit on my butt  
(Gonna catch a fish) And scrape out its guts  
Ahhh, fishing!

I fish on the lake, by the sunken tree stump  
Between the sewage output, and the chemical dump  
Don't swim in the lake, says a sign on a tree  
It's a good thing that fish can't read  
I got my 10 dollar lure, the one that floats  
And I make a big cast from my 20 grand boat  
With my thousand dollar rod, or maybe it's more  
Gonna catch me a fish that's 5 bucks at the store

(Gonna go fishing) Gonna have some fun  
(Gonna go fishing) 'Cause it's number one  
(Gonna go fishing) Gonna sit on my butt  
(Gonna catch a fish) And scrape out its guts  
Ahhh, fishing!

I feel something tugging on the end of my line  
(Tug, tug, tug, tug, tug that line)  
I'm gonna catch a fish, it's gonna be so fine  
(Fish, fish, fish, fish, fish so fine)  
Oh it feels so good to touch fish slime  
(Slime, slime, slime, slime, fishy slime)
