Verse 1: I don't want to be in your company I don't need you to take care of me Let me alone, let me alone, let me alone, can't you let me be All I want in this world is to say I'm a man that's free Verse 2: People talk about the way I look I say come on and say it, I got enough to write a book But don't they know, don't they know, don't they know it's a waste of breath 'Cause I don't wanna be like them, all I want is to be myself (Lemme hear you play it one time now) Verse 3: Don't try to force your smuggled drugs my way 'Cause baby, I cleansed my soul and I say that's the way it's gonna stay But you can put me down, all around, on the ground, anyway you choose Get your kicks with your fix, but this time I know it's you who lose
