Some-where down on a back street  
Way down deep in the back seat  
Where I first learned how to moan your name  
I remember the night I met ya  
Ooh sweet mama, I just can't forget ya  
And I can't stop thinkin' 'bout your crazy love

Crazy love, crazy love, I love you mama  
But you're too bad to change  
Crazy love, crazy love, I love you mama  
Uh, uh

Crazy love, crazy love, I love you mama  
You're too bad to change

I'm laid up here lookin' at my shoes  
Stuck here with these hotel blues  
I wish you'd only just call me on the phone  
Ain't no doubt and I don't mean maybe  
Oh I just can't forget about you baby  
Can't stop thinkin' 'bout your crazy love

Crazy love, crazy love, I love you mama  
But you're too bad to change  
Crazy love, crazy love, I love you mama
