I got a right to be wrong
I got a right to be lonely when you're gone
Whoa, I'll get out around, tear up my own home town
Get mocked up, locked up, wind up in the lost and found
Oh, I got a right to be wrong

Well, it's so easy to give advice
When you ain't the one who got to pay the price
Sit up there on your hill telling me I got to sink or swim
Well, it might thrill you to make me want to kill ya
I can't believe you're leavin' me for him
I got a right to be wrong

Oh, loan me a dollar and watch me follow you around
You got all the moves, you're puttin' me through school
Oh, I give you my best, but I guess I'm still your fool
Oh, I got you down in my song
I got a right to be wrong

I've been conflicted, evicted, restricted
Served with a letter sent to whom it may concern
Still around, Lord, I'm still in town
A lesson hard learned nearly got me down
It's a cryin' shame, you don't even know my name
A low down lonesome song, I got a right to be wrong

Oh, loan me a dollar and watch me follow you around
You got all the moves, you're puttin' me through school
I give you my best, but I guess I'm still your fool
Oh babe, I got you down in my song
I got a right to be wrong

I got a right to be wrong
Oh yeah
