Well I'm gonna move baby
Well on the outskirts of town
Well I'm gonna move baby, yeah
Way back down on the outskirts of town, yeah

Well I don't need nobody else
Always hanging around
Yeah yeah, baby, oh oh

Well let me tell you baby
We're gonna move away from here
Well I don't need no ash mail
To buy, Lord I'm gonna buy you a fridge dare

Lord when we move
Way back down on the outskirts of town, yeah yeah
Well I don't need nobody else
Ah, worse hanging around
Oh, play your song, yeah

Love me babe

Yeah

Well let me tell you, baby
As funny as it seems
We're gonna have a dozen children
They're all, all gonna look like me
Lord, when we move, yeah, way back down
Way back down on the outskirts of town

Well I don't need nobody, yeah
Always hanging around
Yeah yeah, no
Yeah
Y'all
