Well it's rainin' out the window  
With no sadness on your face  
As you're cleaning out your closet  
Throw your clothes around the place

I can't stand to see you leaving  
I'm not ashamed to beg you to stay  
I can't lock the door and keep you  
I won't stand in your way

Guess I've got to let you go  
But there's just one thing you should know

It ain't over, it ain't over yet  
You might walk away, but you won't forget  
I'll never stop loving you, my mind is set  
So do what you gotta do yeah, 'cause it ain't over yet

Guess I should have seen it coming  
But I can see it clearly now  
I'm gonna change my way of livin'  
Try to get you back somehow

Some night when you're lonely  
And your thoughts have turned to me  
Just when you least expect it  
I'll come walking through your dreams

So go on take that taxi ride  
'Cause I know time is on my side

It ain't over, it ain't over yet  
You might walk away but you won't forget  
I'll never stop loving you, my mind is set  
Do what you gotta do baby, it ain't over

It ain't over, it ain't over yet  
You might walk away but you won't forget  
I'll never stop loving you, my mind is set  
So do what you gotta do baby, it ain't over yet  
No baby, it ain't over yet, it ain't over  
No, no, no, baby, no, no it ain't over yet
