"Maybe We Can Go Back To Yesterday"

Visit "[Maybe We Can Go Back To Yesterday](#)" on MotoLyrics.com

I will never forget the time we spent together
And let the whole wide world go by
I can't forget the dreams that we made come true
As the clouds in the sky rolled on

I can't forget the day we met
Oh, love came so easy
It's so hard for me to say
That we can never go back to yesterday

But you must know that it don't happen every day
Now I see that I let love slip through my fingers
Someone said that love is just a beautiful dream
Crazy as it seems you can fool around and let it drift
away

Oh, another lonely teardrop
Just one more careless love
But it's so hard for me to say
That we can never go back to yesterday

Baby, let's fall in love again
Oh, let's fall in love
Baby, let's fall in love again
And maybe we can go back to yesterday

Baby, let's fall in love again
Oh, let's fall in love
Baby, let's fall in love again
And maybe we can go back to yesterday
