

Allman Brothers Band "Old Friend"

Visit "[Old Friend](#)" on MotoLyrics.com

You know hard times, just an old friend, just an old
friend to me
I say hard times, just an old friend, just an old friend to
me
Tell me now old friend, oh when you gonna let me be?

Can't you feel a cold wind, howlin' down, blowin' my
song
Can't you feel a cold wind, it's howlin' down, blowin' my
song
Well I ain't an old man, oh but you know my time ain't
long

Gonna be a hard rain - you can hear it in the distance,
sounds so near
Gonna be a hard rain - can't you hear it in the distance,
sounds so near
People when the rain comes, oh it's gonna wash us all
away from here

Mean old woman, people won't you tell me where can
she be
Mean old woman, oh people won't you tell me where
can she be
She's the only woman, oh that ever meant a damn to
me

You know hard times, just an old friend, just an old
friend to me
I say hard times, just an old friend, just an old friend to
me
Tell me now old friend, oh when you gonna let me be?
Tell me now old friend, oh when you gonna let me be?
Tell me now old friend, when you gonna let, this poor
man be?
