Once I was glad  
Always happy, never sad  
And every day  
Seemed like Sunday

And although things were slow  
And never seemed to have no dough  
Somehow  
I never once got lonely

Ya see the fact is more or less  
You're gamblin' with your own happiness  
And most all your would be friends  
Turn out so phony

Oh, but times they change and rearrange  
And I'll sing to the Queen of Hearts  
Don't know where to start  
Or how to stop

And after things have come and gone  
Left me feelin' that I've done so wrong  
Oh, I've wasted so much time  
Feelin' guilty

And as I watch you sit across the room  
Beautiful as the flowers bloom  
T'leave it lay just one day  
Oh, brother you're gonna come back to find it gone

I love you Queen of Hearts  
Tell me not to stop  
Just tell me where to start  
Where now baby, tell me where to start

And after all that we've been through  
I find that when I think of you  
A warm soft wind runs through and through  
And in my heart there's only you

And I will always keep on trying

To gather this strange piece of mind  
Without it there'd be lonely me and  
Oh, darlin' lonely you

I love you Queen of Hearts  
Don't tell me when to stop  
Tell me when to start  
Tell now baby  
Tell me when to start
