To make a man go crazy, a woman wear her dress so  
tight

To make a man go crazy, a woman wear her dress so  
tight

Must be the same thing make a tom cat fight all night

Make you feel so good when your baby get her evening  
gown

Make you feel so good when your baby get her evening  
gown

Must be the same thing make a preacher lay his bible  
down

Oh, the same thing, oh, the same thing

Tell me who is to blame, whole world fightin' about the  
same thing

Makes all these men chase some big leg woman down?

What makes all these men chase a big leg woman  
down?

Must be the same thing make a poor dog a hurtin'  
hound

Oh, the same thing, oh, the same thing

Tell me who is to blame, whole world fightin' about the  
same thing

Oh, the same thing, oh, the same thing

Tell me who is to blame, whole world fightin' about the  
same thing
