Well, I just can't believe it's time for leavin'  
Even though I've been deceivin' you  
Guess I guessed that I've been through it wrong again,  
baby  
Though I remember when I fell in love with you

Don't you think we ought to try it one more time?  
Baby, I'm not gonna let you go this easy  
Don't you think we ought to try it one more time?  
Oh, I can't get you out of my mind

After all this time we've been together  
It just ain't right to throw it all away  
Yes, I know we have seen some stormy weather  
Though I know tomorrow's gonna be a brand new day

Don't you think we ought to try it one more time?  
Baby, I'm not gonna let you go this easy  
Don't you think we ought to try it one more time?  
Oh, I just can't get you outta my mind

I just can't believe it's time for leavin'  
Even though I've been deceivin' you  
Guess I guessed that I've been through again  
Though I remember when I fell in love with you  
I just don't

Don't you think we ought to try it one more time?  
Baby, I'm not gonna let you go this easy  
Don't you think we ought to try it one more time?  
Oh, I just can't get you out of my mind
