Endlessly facing the cold concrete floor
4 cold gray walls, and no doors
I barely remember the last 40 days
Or just what they're holdin' me for
So far away, they tell me
"Boy, you're here to stay
Win, lose or draw"

Letters unanswered and visits so few
Cold desperation I know
I guess I'd give most anything
Oh Lord, if they'd just let me go
And I'm so far away
Day after lonely, lonely day
Win, lose or draw

Ma, shes dead and gone
Pa just don't seem to find the time
It makes me so sad that he's forsaken me
He's all I had left I call mine
And I'm so far away
Day after lonely, lonely day
Win, lose or draw

There's two men in one room for 10 long years
Still strangers that talk away the time
'Cause each time I think of your soft hand in mine
I lay here and die one more time
And I'm so far away
Day after lonely, lonely day
Win, lose or draw

Yes, I'm far away
You know [Incomprehensible]
Ain't no use cryin'
Say down here man it's [Incomprehensible]
