You hide behind your disguise
Covered up by a mask full of lies
NEVER yourself you pretend
act a certain just to make friends
(Prechorus)Everyone that you meet your skin starts
peeling
turn into everyone you touch Chameleon
try to be sumthin that you're not
try to take everything that i got but
(chorus)You wont take away from me
Never take away from me x 2

Same Shit Different Day
Same Bitch Different Face
(PreChorus)
(Chorus)
Imitate Perpetrate x4(spoken word)
Imitate Perpetrate x 4(Screams)
