Dying - Inside - From The - One I Adore
I Cant - Deal With - This Shit - Anymore

Tears of aggrevation drip into my mouth,so bitter
tasting
I cant come to terms with trust as i spit in the face of
patience

I ignored the advice,could never turn a hoe into a
housewife
why is your reply,every statement represented by a lie

Free,my mind will never be,slap the face of dishonestly
recieved,all the stress i dont need.jealousy is my worse
enemy

Insecure from the pain i've endured,fallen victem to
the feelings that wasnt sure
revisiting past mistakes,learn to take things day by day

I THOUGHT,things would be DIFFERENT,you were the
ONLY one who had my undivided ATTENTION,now i am
CAUGHT UP,thoughts of SUSPICION,blaming myself
because i should've LISTENED to my INTUITION,my fist
are CLENCHING,anger has altered my process of
THINKING,thoughtless DECISIONS,my life is MISSING -
AND I - WANT IT - RIGHT BACK - NOW

Typical Beginnings leading predictable
endings,becoming an inconvienece,i dont need this,fear
of commencement,self centerd,unable to
compromise,onesided,feelings unmutual,i am so tired
of trying
Blinded By - Perfection x2
