When you think the party's over  
Look over your shoulder  
We'll be coming back for more

I know I might seem weird  
One day I'm around, the next I disappear  
This is a crazy act  
But I won't think I'm kissing you till that's a fact  
Cause always, ever after and more

When you think the party's over  
Look over your shoulder  
I'm at your door, coming back for more  
Dancing in the moonlight  
Till the break of daylight  
Like we did before  
We'll be coming back for more

We're on a one-way ride  
And all I need is someone like you by my side  
You saw the movie too  
We'll ride into the sunset like they always do  
For all days, all nights  
I'll hurt some more

We'll be coming back for more  
If I'm still number one  
The one you're looking for  
I won't be gone for long  
No, I'll be back for more
