Fly Firefly,

When I said go
I never meant away
You ought to know
The freaky games we play

Could you forgive,
and learn not to forget
Here it is,
I'm collen out your name...

Firefly come back to me,
make the night as bright as day
I'll be lookin' out for you,
tell me that you're lonely too

Firefly come lead me on
Follow you into the sun
That's the way it ought to be
Firefly come back to me

You and me (you and me)
We shared a mystery
We were so close
Like honey to the bee

And if you tell me how to make you understand
I'm minor in a major kinda way

Firefly come back to me,
make the night as bright as day
I'll be lookin' out for you,
tell me that you're lonely too

Firefly come lead me on
Follow you into the sun
That's the way it ought to be
Firefly come back to me

Fly Firefly through the sky
Come and play with my desire

don't be long, don't ask why
I can't wait another night

Fly Firefly through the sky,
(Wait another night)
Don't be long,
Fire-fire-Firefly

Firefly come back to me
make the night as bright as day
I'll be lookin' out for you
tell me that you're lonely too

Firefly come lead me on
Follow you into the sun
That's the way it ought to be
Firefly come back

Firefly come back to me
make the night as bright as day
I'll be lookin' out for you
tell me that you're lonely too
