all I want to do is just assess the situation cultivate alliances, inspect the situation in this life, it's for the strong in this life you can't tell me I'm wrong thanks for the telephone, it keeps me in the know here's to the politics that make me want to go in this life you can go insane in this life you can stay the same

don't be ashamed to paint a picture of yourself you don't need to make it look like anybody else in this life, well you might fall down in this life you gotta get off the ground and all you need to do is just assess the situation cultivate alliances, explain the situation and this life was made you you always seem to know exactly what to do
