The Pedlar arrived on a cold day  
With no one to call on and no one to stay  
Considered the dream that may become  
To stand on the bridge until his body felt numb  
Cause everywhere  
People swarm it's hard to frame(? not sure?) you (or  
new?)  
Till the stranger approached him  
And his dream came true  
The Pedlar decided it was deja vu  
The Stranger was shocked and said 'I feel like I know  
you'  
And everywhere  
Roses grow?  
Spend their time?  
You wonder if the vultures approve  
You look at them, looking at you  
And rainy days when the sky looks blue  
You're at the window changing the view  
But your luck is gonna turn  
The turn is gonna come  
And soon you'll be a saint to someone

The Pedlar departed on the third night  
He thought of the Stranger as he walked in the  
moonlight  
He savored the touch of the unknown  
Thinking too much on the way back home  
And everywhere shadows moved across the landscape  
His heart? what the Stranger had told him  
'? from your failed dream  
Go gather the stream and begin to dig  
And everywhere  
People go to gossip and greed now  
Be careful where all the trinkets are free now  
If that's the way you live and die  
No children here exporting the crime  
A rainy day is as warm inside  
//not sure about these// In the cottage where the spirit  
resides //not sure about these//  
//not sure about these// You used to light your candles  
in wait //not sure about these//

Now look at you you're making you're way
