Don't stand so

Don't stand so

Don't stand so close to me

Baby you belong to me

Yes you do, yes you do

You're my affection

I could make a woman cry

Yes I do, yes I do

I will be good

You're like a cruel device

Your blood is cold like ice

Goes into my veins

I'm breaking my chains

One look and you can kill

My banner is your thrill

Your love is for me

I said, try me

Take a chance on emotions

But now or never

Goes to your heart

I said, try me

Take a chance on affection  
We'll be together  
All the time  
I said, try me  
Take a chance on emotions  
But now or never  
Into my heart  
I said, try me  
Take a chance on affection  
We'll be together  
Till the morning light  
Don't stand so  
Don't stand so  
Don't stand so close to me
