As I listen to the shadows of the air
Listening in the wind that moved my hair
Searching everywhere
In a token of despair
I am lonely

Every present that I had has now been brought
There is no - one left on earth with whom to walk
But I'm still searching everywhere

In a token of despair
I am lonely

I have been undead for just a year
I have felt the torment and the fear
And I yearn to know
In my shadow of a man
Who I now am

I cannot let all you living men alone
I must habitate a world that's for the living
But I'm dead so what can I do - now
But I'm dead so what can I do - now
Dies Irae, Dies Illa

Dies Irae, Dies Illa
All I may is stay and lock around
See the people moving, listen to their sound
I'll go on searching everywhere
In a token of despair
- Forever
- Forever
Dies Irae, Dies Illa

Your soul is wanton, give it all
Slowly suffer for the Fall
Sow the furrow lying fallow
Follow the Way that's not got narrow

Burn - burn in anger
Burn - deny belief
Burn - burn in anger

Drink your sorrow, sup your grief
