Were you standing in the corner  
Was that you that I saw  
Just what was it that you were doing  
Who do you think you are  
Who do you think you are

Hey, I hear your sounds  
You are all around me, baby  
Wherever you are  
You can't be too far  
Can't be too...

Much different from the rest of us  
It's all make believe  
You stand in your corner  
Pretend not to see  
And I won't say anything  
To anyone else that we know  
No I won't say anything  
To anyone else that we know  
Just let it all go

Hey, I hear your sounds  
You are all around me, baby  
Wherever you are  
You can't be too far  
Can't be too...

I don't see much of you anymore  
I don't see much of you anymore  
I don't see much of you anymore  
I don't see much of you...

Hey, I hear your sounds  
You are all around me, baby  
Wherever you are  
You can't be too far  
Can't be too...
