Some girls want to play with you

Doing things that they really can't do.  
They think that love is a game to play

They oughta know that I get my way.  
They look at you with starry eyes

Very soon they all realize.  
Play with fire and your fingers burn.  
I wanna tell them  
they never learn.

I won't let you go  
no  
no  
no

I'll never let go  
oh baby  
you know:  
There's a special kind of love

There's something magic when we touch.  
I won't let you go  
no  
no  
no

I'll never let go  
I just couldn't hide.  
All the love I feel inside

I want you with me by my side  
by my side.

I never dreamed I would stay with you

Just one look and I knew you were true.  
One more day and I woke up to find  
I couldn't think

you were on my mind.  
I can't believe those other guys  
Hanging round with that look in their eyes.  
They'll never know what I'll get from you

I wanna tell them  
I never do.  
I won't let you go  
no  
no  
no  
...  
By my side  
by my side.

Play with fire and your fingers burn

I wanna tell them  
they never lean@.  
I won't let you go  
no  
no  
no  
...  
I won't let you go.
