Why are you so quiet, it's safe that's you got something
too high?
And why are you so cold, it's safe you don't want to be
warm
Why can't you talking to my eyes
Is it because you're scared ? is it yourself inside ?
I really want to know what it is
But I can't know if you don't give me your chance
Baby you think I wouldn't understand
But I'm hear as a friend
I which I could watch your soul to know you better
I which I could read like a book
Letter by letter

Why are you so quiet, it's safe that's you got something
too hign
And why are you so cold, it's safe you don't want to be
hot
Why is it this trac in throw to you
Cause I feel frustrated cause I don't know what to do
I really want to know what is it
But I can't know if you don't give me your chance
Baby you think I wouldn't understand
But I'm hear as a friend
I which I could watch your soul to know you better
I which I could read like a book
