The Sins of the hopeless and wealthy
the cries that escape from the chains of regret
your pleading mercy procession
that fell on the path from whence you stray

you whisper into the darkness
to die at the end of what we are
you will escape from the lifeless
the blind and the feeble of our decay

this is the pain we must suffer
this is the endless agony
this is the dark its the secret
we give our lives to tame

(the light thats surrounding)
i am all that you made me
(your in this desire)
feeds the fire inside me
(i can ask for)
take this life that you gave me
(i'm not your messiah)

they fear the cross like a cancer
heaven come back and sacrifice
my body fell from the wilted
consumed by the masses who blind chances

this is a prayer for the hopeless
this is an endless tragedy
this is the dark its the secret
we give ourselves to tame

(the light thats surrounding)
i am all that you made me
(your in this desire)
feeds the fire inside me
(i can ask for)
take this life that you gave me
(i'm not your messiah)

(i pray for redemption, these honest cries

darkness it came to me, in time
breathe, breathe in time.
the distant voices sang to me, breathe
now everything changes suddenly, in time)

(the light thats surrounding)
i am all that you made me
(your in this desire)
feeds the fire inside me
(i can ask for)
take this life that you gave me
(i'm not your messiah)

Breathe

(the light thats surrounding)
i am all that you made me
your in this desire
feeds the fire inside me
i can ask for
take this life that you gave me
i'm not your messiah)
